

A Happy Dad

Contributed by Rey, Cindy & Isabella

Dear Dotti,

Cindy and I were talking this evening about our experience delivering Isabella. The truth of the matter is, it is difficult to place a statement together to be able to express our feelings.

First of all, your energy, spirit and presence gave us the certainty and comfort to know that bringing Isabella to life needed to be with you. You have touched our lives immensely with all the wonderful qualities as a person that make you an outstanding professional in your field of practice.

We are so pleased and happy you helped us go through a very special experience bringing a special soul to this earthly life.

You are a blessing! We will always have you in our thoughts. Please, give our thanks and blessings to Carissa; she did a wonderful job and was of great help as well. Looking forward to seeing you soon.

Love,
Rey, Cindy & Isabella
